Spicebox Organics - Supplier of high quality, organic products including groceries, spices, supplements, gluten free, condiments, beauty items and more. Shop in-store in their Sai Ying Pun shop or online.

Fu Shing and Sons - Fenwick Pier is not the place you will necessarily think to go to stock up for gourmet groceries, but Tony of Fu Shing and Sons sells delicious and really well priced cheese, hams, condiments, sausages and fish. Head to the second floor of Fenwick pier where you will find large round Brie for only \$200 and huge slices of Manchego for only \$100. This is a real hidden gem, and Tony is a pleasure to chat to while you are shopping. Also on offer is very reasonably priced wine and spirits.

Monsieur Chatte - French style deli by the owner of the fabulous private kitchen **Ma Cuisine**. Shop online or in store at Elements mall or on Bonham Strand and find an extensive selection of wines, cheeses, and deli items.

Magnolia - The kitchen of Magnolia isn't just for private dining with your friends, they also produce a fabulous range of food to eat at home, perfect for entertaining. They have a range of relishes, whole hams and turkeys and finish with one of the famous Peacan pies which are a perfect end to any meal.

BAKERY

Stanley Cave - A new addition to Stanley, this bakery has a wide range of delicious cakes, pastries and artisanal breads. A great option if you are looking for 'proper' bread or cakes.

Levain - Artisanal breads including sourdough, pan baked, croissants and brioche.

Maison Kayser - Delicious French bakery serving baguettes, cakes and pastries to eat in (at Happy Valley location) and take away.

Sift - If you are looking for cupcakes that are full of flavour and beautifully presented, then look no further than Sift. These make a great gift if you are visiting friends.

Po's Atelier - We love the bread and pastries at Po's Atelier. Everything is baked fresh on the premises and is free from nasty unnatural additives. If you are planning a cheese board, then make sure you have the perfect bread to go with it.

Tai Tai Pies - Delicious home made, American-style pies with both sweet and savoury options available. Perfect for dessert or for a relaxed lunch with friends.
